

HYScent

A ground-breaking odor control and air freshening device brought to you by HYSO

8. Essential oil-based, 100% recyclable cartridges.
Virtually no solvents, no aerosols, no messy replacement cartridges.

7. Dual fan system.
The noiseless HYScent system delivers fragrance in a more uniform and subtle way than aerosol products and the fans can be programmed to alternate or operate simultaneously for even greater fragrance power.

6. Even more flexible settings.
The HYScent can be set to operate on high or low, depending upon your facility's size and needs, to fragrance up to 6,000 cubic feet of space.

1. Dual scent system.
The HYScent can be programmed to alternate sides and scents in order to combat olfactory numbness. Olfactory what?!? Trust us, your nose will like it.

2. Stale air in here.
The air-in, fragrance-out system leaves your space smelling clean and refreshed.
Beautiful scents out here.

3. Multiple operating modes.
The HYScent can be set to operate 24-hours a day, during day only (daylight or bright lights), or on "night only" mode (for dimmed or dark rooms).

5. Optional tabletop/countertop stand.
Match units in your waiting area, common rooms, and office space with wall mounted units in your washrooms.

4. Multiple mounting options.
This sleek unit is wall mountable either horizontally or vertically – to save space or incorporate as a design element. The subtle, curved shape allows the HYScent to blend in with your room. The HYScent is currently available in white.

Finally. A green odor control unit that looks as good as it smells.

HYScent fragrances contain Odourfoyl®, a scientifically proven deodorizer that *eliminates* malodors

Ever notice that after awhile, you no longer smell an air freshener simply because you have been exposed to the same scent for too long? Well, HYSO has created a solution with the HYScent, a ground-breaking, dual-scent odor control and air fragrancing device.

The HYScent features a dual-fan system that can be programmed to alternate sides and scents in order to combat olfactory numbness. Moreover, the system delivers its fragrance in a more uniform, subtle and long-lasting way than traditional odor control products. The centrifugal fan technology promotes a hyper-efficient fragrance transfer, odorizing up to 6,000 cu. ft. of space.

In addition to having superior functionality, the HYScent is one of the greenest odor control products on the market, utilizing fragrances that are comprised of pure essential oils and proprietary Ethyl Vinyl Acetate (EVA) cartridges that are 100% recyclable. All fragrances contain Odourfoyl®, a scientifically proven odor neutralizer,

and the EVA technology, only available through HYSO, conforms to the most stringent Volatile Organic Compound (VOC) legislation nationwide.

Another unique feature of the device is its multiple mounting options: It can be mounted on a wall either horizontally or vertically, as well as on a tabletop stand.

The HYScent device is currently available in white. Desktop stands are also currently available in white to match the device.

HYSO Fragrances

Available HYSO fragrances currently include:

- Cherry Almond
- Ocean Breeze
- Pomegranate & Plum
- Stimulating Citrus

HYSO, in conjunction with its fragrance partner, can also develop custom fragrances or match an existing fragrance. If interested, please contact HYSO directly.

HYScent Dual

2 Fragrances. 1 Device.

Finally. An odour control device for large rooms.

Unparalleled Performance

- Odorizes up to 6,000 cu. ft. of space (~750 sq. ft.)
- Excellent for medium and large-sized rooms

Odor Neutralization

- Fragrances attack and neutralize malodours with Odourfoyl®

Dual-Scent Capability

- Ability to alternate between two different fragrances
- Prevents your nose from becoming “numb” to the same scent

Cost-Effective

- Refill cartridges last between 45 and 60 days
- Fully customizable settings

Environmentally Friendly

- No aerosols, solvents, or harmful propellants
- Uses pure essential oils
- Refill cartridges are recyclable

Aesthetically Sleek

- Unique cylindrical design offers an ergonomic look

Multiple Mounting Options

- Horizontal or vertical wall-mounting
- Can be hidden by mounting under a table or countertop
- Desktop stand accessory available

Silent Operation

- Dual-fan technology runs silently

HYScent Fragrances:

Cherry Almond

A calming blend of cherry blossom, almond bark and lily of the valley

Ocean Breeze

An uplifting combination of open air freshness and morning dew notes

Pomegranate & Plum

An inspiring and energizing mix of pomegranate, purple plum, pineapple and coconut bark

Stimulating Citrus

A refreshing fusion of orange, raspberry and green florals

Lush Linen

A tranquil balance of rose, fnesia, muguet and the scent of clean linen

Basil Lime Mint

An invigorating synthesis of purple basil, lime zest and mint leaves

Summer Meadow

A relaxing assortment of summer herbs, blond wood and dewy green leaves

Waterlily Rose

A soothing arrangement of waterlily and white rose with underlying mossy tones
